

Joint Application Declaration

We, the undersigned, hereby state our wish to study abroad at the same university.

We understand that we must submit the exact same list of university priorities in our applications.

We understand that this means that we will be selected for exchange based on the lowest GPA of the two applicants.

We understand that this may signify renunciation of positions of higher priority in order to be selected for the same university.

We understand that DTU cannot guarantee allocation to the same university.

We understand that in case we cannot be selected to the same university (and have indicated that we would then like to be considered for exchange individually), each individual applicant will still be evaluated according to the lowest GPA of the applicants below.
