

To whom it may concern

I hereby confirm that all DTU students have an English proficiency level, which is at minimum equal to the Danish B-level at Danish Secondary schools. This is a requirement for every full-time student, admitted to DTU.

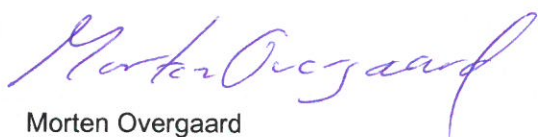

According to the Danish Ministry of Higher Education and Science, a level B from a Danish high school equals B2 in the Common European Framework of Reference for Languages (CEFR).

A student with a B2 proficiency level in English is according to the Council of Europe a student who:

- Can understand the main ideas of complex text on both concrete and abstract topics, including technical discussions in his/her field of specialisation.
- Can interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party.
- Can produce clear, detailed text on a wide range of subjects and explain a viewpoint on a topical issue giving the advantages and disadvantages of various options.

Please do not hesitate to contact DTU International Education for any questions or concerns.
